

ADEMCO 5804 Family

5804 FAMILY WIRELESS REMOTES

Honeywell's 5804 family of wireless remotes give your customers personal control of their security system and the added convenience of controlling lights and appliances with the touch of a single button.

From the basic 5804 Two-Button Keychain Remote to the advanced 5804BDV Bi-Directional Remote that actually

speaks system status in plain-English, the 5804 family is easy-to-use personal protection that your customers can easily carry anywhere they go. Remote controls make Honeywell security systems much easier to operate, and provide an extra level of convenience, comfort and peace of mind your customers will really appreciate.
