

6271C TouchCenter

COLOR GRAPHIC TOUCHSCREEN
KEYPAD FAMILY

With its large, customizable color touchscreen, choice of silver, black or white housing and trilingual language capability, Honeywell's 6271C TouchCenter Keypads have been designed to help dealers close more sales, increase retention and capture new markets. Dealers can opt to build their brand by displaying their company name or logo on the homescreen and

increase end-user referrals by putting a picture and name of the homeowner's family on the bright, colorful interface.

The 6271C touchscreen keypad makes it easier than ever for end-users to take advantage of their security system features. Even the most advanced functions are simple, with graphics and menu driven prompts guiding the user every step of the way.

FEATURES

- Available in three colors that work in modern and traditional residential environments
 - **Silver:** Ideal for kitchens with stainless steel appliances, garages and more
 - **Black:** Looks great in living rooms, near flat screen televisions and many other environments
 - **White:** Popular, classic choice that blends seamlessly with any décor
- Trilingual language capability: English, Spanish or French Canadian
- Blends with 6460 keypad family for a seamless look in any residence
- Customizable homescreen for dealers or end-users*
- Large, bright colorful display
- External SD card slot for fast homescreen customization or software upgrades
- Intuitive touchscreen display with icons and menu driven prompts
- Entry/Exit Delay countdown displayed
- Authorized end-user can add or delete user codes
- View entire zone list with status of each zone
- End-user can quickly bypass zones from zone list
