

Talk about convenience!

Our Deluxe Talking Keypad actually speaks to you—providing security system status in plain, spoken English. The other benefits speak for themselves as well.

The keypad also features:

- A convenient Family Message Center that lets everyone record and playback voice memos for one another
- A bright, easy-to-read fixed-English display
- Comfortable, soft-touch keys labeled with simple commands and illuminated for easy nighttime visibility
- Four one-touch function keys that can be used to contact the police, fire department and other emergency response personnel
- A contoured removable door that lets you choose the look you want, with the four function keys remaining accessible
- A sleek, attractive white console that blends with any décor and can be placed on a wall or tabletop

The convenient, sophisticated features make security system operation easier than ever—and make the Deluxe Keypad a product worth talking about!
